

NATIONAL SCIENCE FOUNDATION

ANNOUNCEMENT NUMBER S20060130A-IPA DIRECTOR, DIVISION OF COMPUTING AND COMMUNICATION FOUNDATION (CCF) AND DIRECTOR, DIVISION OF COMPUTER AND NETWORK SYSTEMS (CNS)

*ANNOUNCEMENT HAS BEEN AMENDED TO EXTEND THE CLOSING DATE TO 12/01/2006.

The National Science Foundation is seeking qualified candidates for the positions of Director, Division of Computing and Communication Foundations (CCF) and Director, Division of Computer and Network Systems (CNS), Directorate for Computer and Information Science and Engineering (CISE). In addition to seeking candidates who are interested in an appointment as a Senior Executive Service career basis (S20060130A-C) or limited term basis (S20060130A-LTD), NSF is also inviting individuals who might be interested in an Intergovernmental Personnel Act (IPA) assignment to submit an application. A statement of duties of the positions and qualification requirements is included below.

Initial assignments under the IPA mechanism may be made for a period of up to two years. Individuals eligible for an IPA assignment with a Federal agency include employees of State and local government agencies or institutions of higher education, Indian tribal governments, and other eligible organizations in instances where such assignments would be of mutual benefit to the organizations involved. The individual remains an employee of the home institution and cost-sharing arrangements are generally negotiated between NSF and the home institution. Individuals interested in an IPA assignment should submit curriculum vitae or Federal application form and a letter referencing qualifications to the following address:

National Science Foundation Division of Human Resource Management Executive & Visiting Personnel Branch ATTN: S20060130A-IPA 4201 Wilson Boulevard, Room 315 Arlington, VA 22230

The closing deadline for receipt of applications is December 1, 2006.

Applicants: Please indicate whether you wish to be considered for one or both positions. If you are interested in only one, indicate which position.

Applications may be transmitted electronically to execsrch@nsf.gov, mailed or delivered to the following address: National Science Foundation, Division of Human Resource Management, Executive Personnel, Room 315, ATTN: S20060130A-IPA, 4201 Wilson Blvd., Arlington, VA 22230. The phone number for vacancy announcements coordinated by the Executive Personnel Staff is (703) 292-8755; hearing-impaired individuals should call TDD on 703-292-8044. Persons interested in the Senior Executive Service appointment options should request copies of announcements S20060130A-C and S20060130A-LTD for additional information and application instructions. Announcements may be accessed electronically under Vacancies on NSF's Homepage www.nsf.gov/jobs. Information on the NSF mission, structure, programs and operations may be found at www.nsf.gov. The National Science Foundation provides reasonable accommodations to applicants with disabilities on a case-by-case basis. If you need a reasonable accommodation for any part of the application and hiring process, please notify the point of contact located on this vacancy announcement.

STATEMENT OF DUTIES: Serve as members of the CISE Directorate leadership team and as the Foundation's principal spokespersons for research and education in the area of computing and communications foundations or computer and network systems.

The Division of Computing and Communication Foundations supports research and education activities that explore the foundations of computing and communication devices and their usage. The Division seeks advances in computing and communication theory, algorithms for computer and computational sciences, and architecture and design of computers and software. CCF-supported projects also investigate revolutionary computing paradigms based on emerging scientific ideas and integrate research and education activities to prepare future generations of computer science and engineering workers.

The Division of Computer and Network Systems supports research and education activities that strive to create innovative computing and networking technologies and that explore new ways to make use of existing technologies. The Division seeks to

foster the development of a better understanding of the fundamental properties of computer systems and networking systems and the creation of better abstractions and tools for designing, building, analyzing, and measuring future systems. The Division also supports the computing infrastructure that is required for experimental computer science and coordinates cross-divisional activities that foster integration of research and education and broadening of participation in the CISE workforce.

Each Director directs the activities of her/his Division, implements overall strategic planning and policy setting within the context of the Division; provides leadership and guidance to Division staff members; determines funding requirements and budget estimates; balances program needs; oversees the evaluation of proposals and recommendations for awards and declinations; and represents CISE and NSF to relevant stakeholder groups both within and outside the agency.

QUALIFICATIONS REQUIREMENTS EXECUTIVE/MANAGERIAL

Essential

- 1. **Leading Change.** Demonstrated ability to bring about strategic change, both within and outside of the organization, to meet key national research and education goals relating to computer and information science and engineering, and to establish an organizational vision and implement it in a continually changing environment.
- 2. Leading People. Demonstrated ability to lead people towards meeting the organization's vision, mission, and goals and to provide an inclusive workplace that fosters the development of others, facilitates cooperation and teamwork, and supports constructive resolution conflicts.
- 3. **Results-Driven Leadership**. Demonstrated ability to meet organizational goals and customer expectations, and to make decisions that produce high-quality, timely, and cost-effective results by applying scientific knowledge, analyzing problems, and calculating risks.
- 4. Business Acumen. Demonstrated ability to manage human, financial, and information resources strategically.
- 5. **Building Coalitions/Communication**. Demonstrated ability to build coalitions internally and with other Federal agencies, State and local governments, nonprofit and private sector organization, foreign governments, or international organizations to achieve common goals.

PROFESSIONAL/TECHNICAL

Essential

- 1. Ph.D. or equivalent professional experience or a combination of education and equivalent experience in computer and information science and engineering.
- 2. Familiarity with Federal, academic and industrial research and education initiatives focused on state-of-the-art computer and information science and engineering.
- 3. Substantial research and education contributions and strong evidence of scholarship in computer and information science and engineering as evidenced in publications, recognized professional standing in the research community, professional awards, and/or innovative leadership in research administration.
- 4. Skill in recognizing, developing and implementing approaches and programs which build on the expertise and knowledge of researchers and educators in several disciplines to develop solutions to important cross-cutting research and education problems.
- 5. Knowledge of grant and contract administration, fiscal management, and budget preparation.

NSF IS AN EQUAL OPPORTUNITY EMPLOYER COMMITTED TO EMPLOYING A HIGHLY QUALIFIED STAFF THAT REFLECTS THE DIVERSITY OF OUR NATION.

NATIONAL SCIENCE FOUNDATION APPLICANT SURVEY

Vacancy Ann. #:

Position Title/Series/Grade:

INSTRUCTIONS

Your completion of this form will be appreciated. Submission of this Information is voluntary and it will have no effect on the processing of your application. The data collected will be used only for statistical purposes to ensure that agency personnel practices meet the requirements of Federal law. Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to an information collection unless it displays a valid OMB control number. The OMB control number for this collection is 3145-0096. NSF estimates that each respondent should take about 3 minutes to complete this survey, including time to read the instructions. You may have comments regarding this burden estimate or any other aspect of this survey, including suggestions for reducing this burden. If so, please send them to NSF Reports Clearance Officer, Division of Administrative Services, NSF, 4201 Wilson Blvd., Arlington, VA. 22230.

PRIVACY ACT INFORMATION

GENERAL - This information is provided pursuant to Public Law 93-579 (Privacy Act of 1974), December 31, 1974, for individuals completing Federal records and forms that solicit personal information.

AUTHORITY - Section 7201 of title 5 of the U.S. Code and Section 2000e-16 of title 42 of the U.S. Code.

PURPOSE AND ROUTINE USES

The information is used for research and for a Federal Equal Opportunity Recruitment Program (FEORP) to help insure that agency personnel practices meet the requirements of Federal law. Address questions concerning this form and its uses to the Privacy Act Officer, National Science Foundation, Arlington, VA 22230.

1. Today's Date:

2. Year of Birth:

3. How did you learn about the particular position for which you are applying? (Circle appropriate number.)
