Rotational Vacancy

ANNOUNCEMENT NO: E20070014A-Rotator

OPEN: 10/26/2006

CLOSE: 11/24/2006

POSITIONS WILL BE FILLED ON A ONE OR TWO YEAR VISITING SCIENTIST APPOINTMENT, FEDERAL TEMPORARY APPOINTMENT OR INTERGOVERNMENTAL PERSONNEL ACT (IPA) ASSIGNMENT.

***VACANCY ANNOUNCEMENT HAS BEEN AMENDED TO EXTEND THE CLOSING DATE TO 11/24/2006.**

The National Science Foundation is seeking qualified candidates for a Program Director position in the Office of Cyberinfrastructure, Office of the Director (OD), Arlington, VA.

The Office of Cyberinfrastructure coordinates and supports the acquisition, development and provision of state-of-the-art cyberinfrastructure resources, tools and services essential to the conduct of 21st century science and engineering research and education.

OCI supports cyberinfrastructure resources, tools and related services such as supercomputers, high-capacity mass-storage systems, system software suites and programming environments, scalable interactive visualization tools, productivity software libraries and tools, large-scale data repositories and digitized scientific data management systems, networks of various reach and granularity and an array of software tools and services that hide the complexities and heterogeneity of contemporary cyberinfrastructure while seeking to provide ubiquitous access and enhanced usability.

OCI supports the preparation and training of current and future generations of researchers and educators to use cyberinfrastructure to further their research and education goals, while also supporting the scientific and engineering professionals who create and maintain these IT-based resources and systems and who provide essential customer services to the national science and engineering user community. Additional information about OCI can be found at <http://www.nsf.gov/dir/index.jsp?org=OCI>.

This position will be filled on a one or two year Visiting Scientist Appointment, a Federal Temporary Appointment or an Intergovernmental Personnel Act (IPA) assignment. Federal Temporary and Visiting Scientist appointments will be made under the Excepted Authority of the NSF Act with a current salary range of \$91,407 to \$142,449 including locality pay for the Washington, D.C. area. For a Visiting Scientist appointment, the individual is in a non-pay leave status from his/her home institution and is appointed to NSF's payroll as a Federal employee. NSF withholds Social Security and provides reimbursement to the home institution for fringe benefits. For a Federal temporary appointment of more than one-year, the usual civil service benefits (retirement, health, and life insurance) are applicable. For an IPA assignment, the individual remains on the payroll of his/her home institution and the institution continues to administer pay and benefits. NSF will reimburse the institution for NSF's negotiated share of the costs. Individuals eligible for an IPA assignment include employees of State and local government agencies, institutions of higher education, Indian tribal governments, federally funded research and development centers and qualified nonprofit organizations. For more information regarding a Visiting Scientist appointment or an IPA assignment, visit our website at http://www.nsf.gov/about/career_opps.

DUTIES AND RESPONSIBILITIES: The Program Director will be responsible for implementing the proposal review and evaluation process for the program. Conducts scientific/technical analyses of proposals received in the program. Contributes, consistent with NSF directives, to the establishment or modification of the system of selection of ad hoc reviewers to meet NSF objectives and program needs. Selects individuals to provide objective reviews of proposals either as experts or as members of a panel. Conducts programmatic reviews, determines funds availability, and evaluates similar or related projects, including internal and external liaison. Negotiates technical and financial revisions of proposals as required. Conducts final review of proposals and evaluations and recommends awards or declinations based on knowledge or resources availability and program goals and peer reviewer comments. Evaluates projects and activities that are proposed or funded by conducting site visits and reviewing interim and final reports. Negotiates interagency agreements with other Federal agencies for transfer of funds to assist in the support of research and education.

QUALIFICATIONS REQUIRED: Applicants must possess a Ph.D. or equivalent experience in cyberinfrastructure areas such as learning workforce development, software/middleware engineering particularly in highly complex large systems, high performance computing systems and application, very large scale data/information management and tools, social and technical architecture of virtual organizations. In addition, six or more years of successful research, research administration, and/or managerial experience pertinent to the program are required.

HOW TO APPLY: Applications may be transmitted electronically to rotator@nsf.gov. Individuals may also submit a resume or any application of your choice to the National Science Foundation, Division of Human Resource Management, 4201 Wilson Blvd., Arlington, VA 22230, Attn: E20070014A- Rotator. In addition, you are encouraged to submit a narrative statement that addresses your background and/or experience related to the Program you are applying for. You are asked to complete and submit the attached Applicant Survey form. Submission of this form is voluntary and will not affect your application for employment (the information is used for statistical purposes). Telephone inquiries may be referred to Executive and Visiting Personnel Branch at (703) 292-8755.
