ANNOUNCEMENT NO: E20070015-Rotator

OPEN: 11/01/2006

CLOSE: 02/01/2007

POSITION WILL BE FILLED ON A ONE OR TWO YEAR VISITING SCIENTIST APPOINTMENT, FEDERAL TEMPORARY APPOINTMENT OR INTERGOVERNMENTAL PERSONNEL ACT (IPA) ASSIGNMENT.

The National Science Foundation is seeking qualified candidates for the position of Program Director for the Economics Program in the Division of Social and Economic Sciences (SES), Directorate for Social and Behavioral Sciences, Arlington, VA. ***The desired starting date for this appointment is the Fall of 2007.***

The Division of Social and Economic Sciences (SES) supports research to develop and advance scientific knowledge focusing on economic, legal, political and social systems, organizations and institutions. In addition, SES supports research on the intellectual and social contexts that govern the development and use of science and technology. SES programs consider proposals that fall squarely within disciplines, but they also encourage and support interdisciplinary projects, which are evaluated through joint review among Programs in SES, as well as joint review with programs in other Divisions, and NSF-wide multi-disciplinary panels, as appropriate. More information about SES programs, including the Economics Program can be found on their website at <http://www.nsf.gov/div/index.jsp?div=SES>.

This position will be filled on a one or two year Visiting Scientist Appointment, Federal Temporary Appointment or an Intergovernmental Personnel Act (IPA) assignment. Federal Temporary and Visiting Scientist appointments will be made under the Excepted Authority of the NSF Act with a current salary range of \$91,407 to \$142,449 including locality pay for the Washington, D.C. area. For a Visiting Scientist appointment, the individual is in a non-pay leave status from his/her home institution and is appointed to NSF's payroll as a Federal employee. NSF withholds Social Security and provides reimbursement to the home institution for fringe benefits. For a Federal temporary appointment of more than one-year, the usual civil service benefits (retirement, health, and life insurance) are applicable. For an IPA assignment, the individual remains on the payroll of his/her home institution and the institution continues to administer pay and benefits. NSF will reimburse the institution for NSF's negotiated share of the costs. Individuals eligible for an IPA assignment include employees of State and local government agencies, institutions of higher education, Indian tribal governments, federally funded research and development centers and qualified nonprofit organizations.
