EPSCoR = National Science Foundation's Experimental Program to Stimulate Competitive Research.

IDeA = Institutional Development Award Program of the National Institutes of Health.

* = greater than 0 but less than 50,000.

NOTES: Details may not add to totals due to rounding. Animal research space is listed separately and is also included in individual field totals. Guam, Puerto Rico, and the U.S. Virgin Islands are excluded from the geographic regions but are included in the national statistics and other appropriate table columns.
