

“Heads Up”

from
The National Science Foundation
for an Interactive and Engaging
Workshop and Exhibition

January 15 - 16, 2008
Washington, DC

Science Education and Workforce Development ***Key Challenges for Innovation in the States***

The workshop will feature prominent leaders from academia, business and government with opportunities to see newly-developed tools that can enhance innovation and educational accountability at local, state and regional levels.

Hold the dates! More details will be forthcoming.

The National Science Foundation (NSF) is an independent federal agency that supports fundamental research and education across all fields of science and engineering, with an annual budget of \$5.92 billion. NSF funds reach all 50 states through grants to over 1,700 universities and institutions. Each year, NSF receives about 42,000 competitive requests for funding, and makes over 10,000 new funding awards. The NSF also awards over \$400 million in professional and service contracts yearly.
