

NATIONAL SCIENCE FOUNDATION

June 22, 2016

Dear Colleagues:

I am pleased to welcome you to the Mathematical and Physical Sciences Directorate Advisory Committee (MPSAC), scheduled for July 21st, 2016. The agenda is posted on the MPSAC website, and was separately emailed to you before.

Once again, the agenda focuses on materials available for your pre-meeting review, reinforcing our plans for the AC to provide the Directorate with advice from the community. I look forward to updating you on MPS and to hearing from you. This virtual meeting will focus on the review of the Division of Chemistry's Committee of Visitor's report. This report will be posted on "members-only" portion of the website and will become a public document after this committee's approval of the report.

Eduardo Misawa is the liaison for the MPSAC. If you have any questions or suggestions, please contact him at 703-292-5353 or at [emisawa@nsf.gov](mailto:emisawa@nsf.gov). Chris Coox will send to you information concerning logistical arrangements for the meeting. You may reach Chris at [ccoos@nsf.gov](mailto:ccoos@nsf.gov) or at 703-292-8800 for more information.

We will be in touch soon by email to provide more detailed instructions.

I look forward to a productive meeting next month.

Sincerely,

F. Fleming Crim  
Assistant Director, National Science Foundation  
Directorate for Mathematical and Physical Sciences
