Significant I/UCRC potential for contribution

HS Technology mandate appears to be to form centers of excellent.

HS funds Beltway support organizations and national labs.

Best opportunity appears to be preparing brief I/UCRC portfolio summary and present to HS as follow-up to today's missed communication opportunity.

Centers present will send Don Price brief statement of potential contributions to HS, by February 1, 2006.

Don and Glenn Larsen will work with Alex to work out a way to approach HS.
