join us

Bringing together members of the Arctic social science and indigenous communities to reassess the goals, potentials, and needs of these diverse communities and ASSP within the context of a rapidly changing circumpolar North.

CHALLENGE: The National Science Foundation's Arctic Social Sciences Program (ASSP) is the leading source of funding for U.S.-based social sciences research in the Arctic. Just as the Arctic has changed, arctic social sciences have experienced substantial growth and development, transitioning from an emerging field of research to a well-established multidisciplinary research

About

ARCTIC HORIZONS PANEL AND FORUM AT AAG-2016, APRIL 1ST, 2016

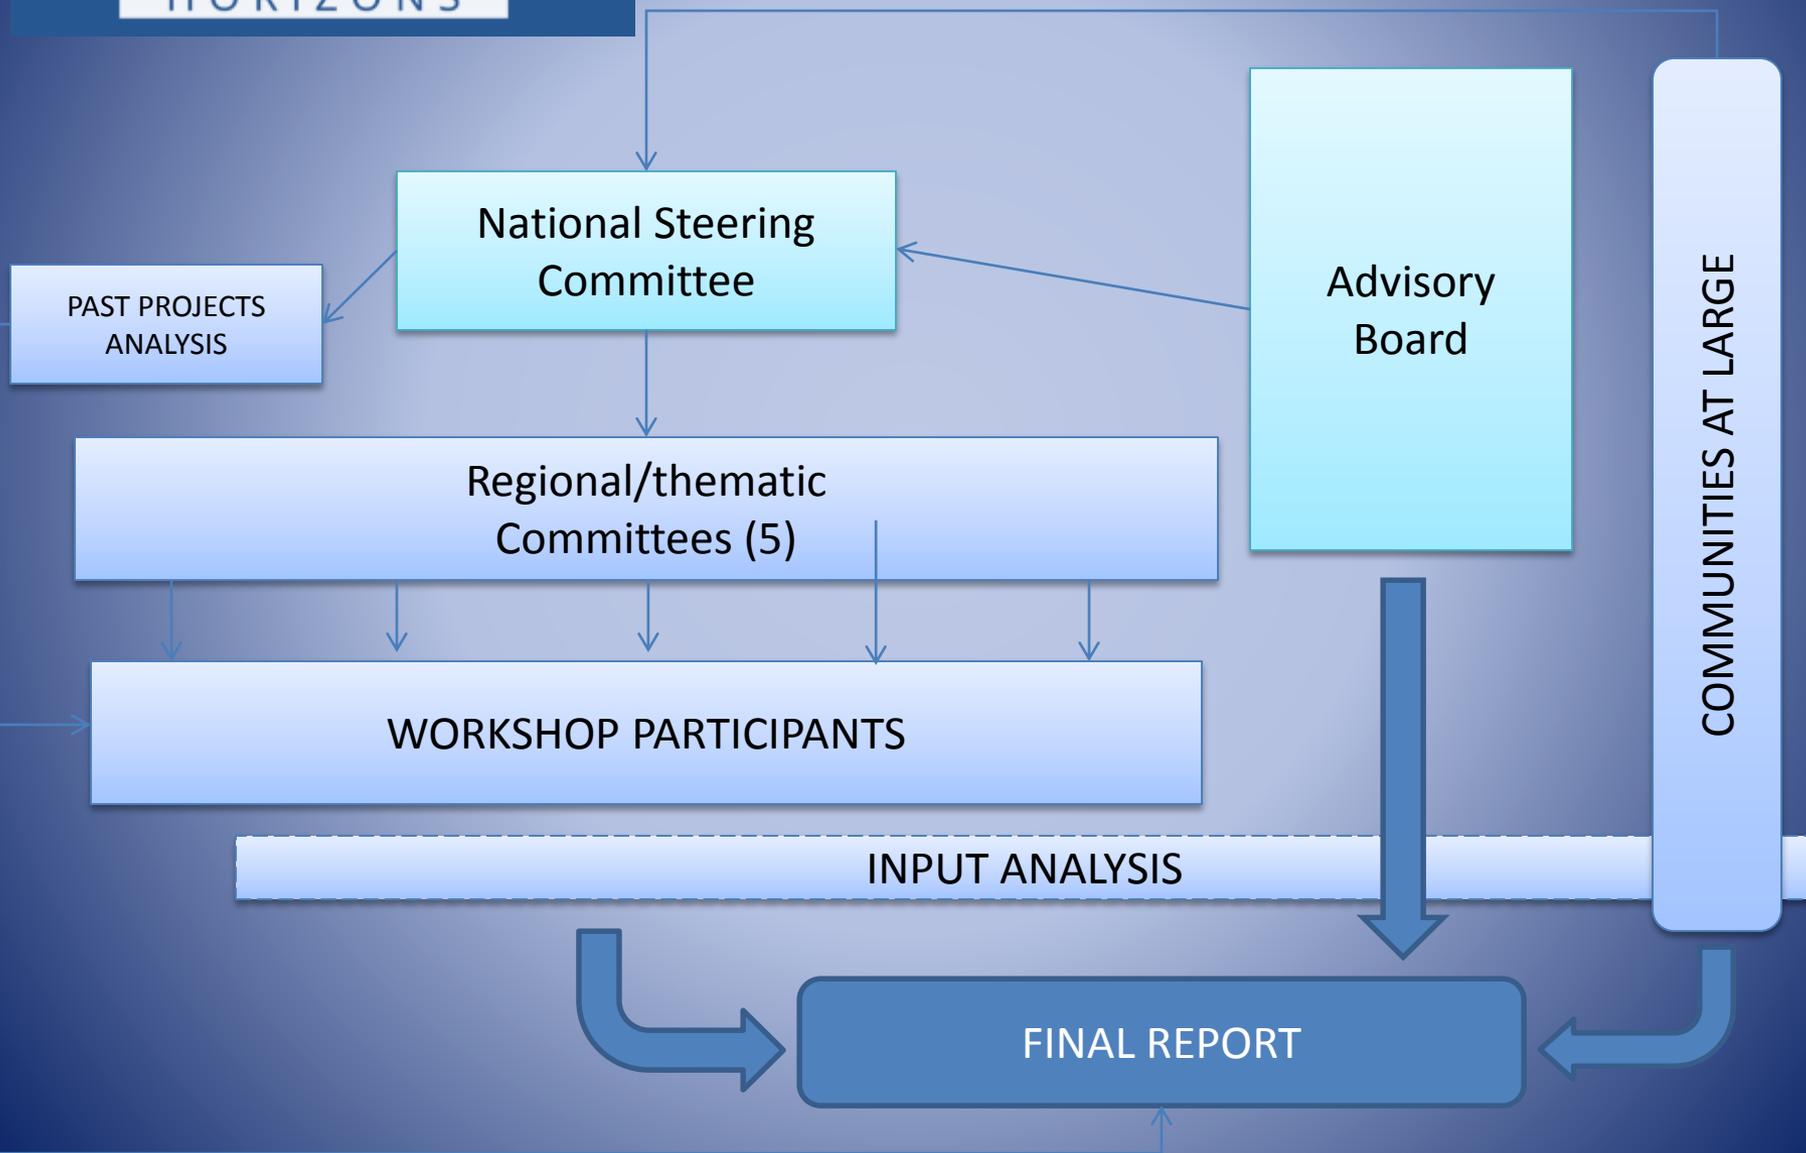

by Andrey Petrov
April 13, 2016

The Arctic Horizons panel "Polar Issues VI: Arctic Horizons 2025: NSF forum on the Future of Arctic Social Research" was held at the American Association of Geographers (AAG) meeting on April 1st, 2016 in San Francisco, CA. Panelists included: Andrey N. Petrov (Organizer), University of Northern Iowa; Jessica K. Graybill (Moderator), Colgate University; Scott Stephenson, University of Connecticut; Kelsey Nyberg, Michigan State Univ.,...

STRUCTURE

PROCESS

“Arctic Social Sciences in the 21st Century: Integrating Past, Present, and Future Human Ecodynamics in Arctic Social Science Research”

- Human Ecodynamic (Environment, Ecology and Society)
- Community collaborations (International and Indigenous)

Key Note:

Tom McGovern – “Burning Library at Alexandria”

UNIVERSITY OF ALASKA FAIRBANKS, MARCH 23 -25, 2016

FAIRBANKS, AK

BRIDGING THE FUTURE
OF ARCTIC SOCIAL SCIENCE RESEARCH

Arctic Social Sciences in the 21st Century, Indigenous Research in the North: Decolonizing Methods, Models and Practices

- 1) Beyond Traditional and Local Knowledge to Co-Production of Knowledge
- 2) Research Sovereignty: *“From decolonizing to transforming research.”*

Key Note:

Graham Hingangaroa Smith:

“Transforming Indigenous Research”

Wilson Justin: “Permission and Consent”

Uninhibited Synergies: Connecting Humanities, Engineering, and Social Sciences in Arctic Research and Public Engagement

- 1) Built Environments, Ethnography, Art, and Creativity.
- 2) Thought, Knowledge and Cognition
- 3) Gendered Systems

Key Note:

Sine Anahita “Masculinities in the Arctic”

Aron Cooke and Bill Schnabel “Culture and Engineering”

Arctic Social Sciences in the 21st Century: Integrating Theories, Data and Methods to Ascertain Local, National and International Relevance

1) Interdisciplinary Research; Complexity, Epistemology, and Ontology

2) Data Management.

Key Note:

Peter Schweitzer

“Evolution of Arctic Social Sciences”

“Arctic Social Sciences in the 21st Century: Integrating Interdisciplinary Natural/Social Scientific Research for Policy Development.”

1. Change: Climate Change, Social Change, and Change in Science (Knowledge Co-production)
2. Trauma/Historical Trauma.
3. Science of Policy and Science Policy.

Key Note:

Lene Keilson-Holm “Knowledge Co-Production in Science”

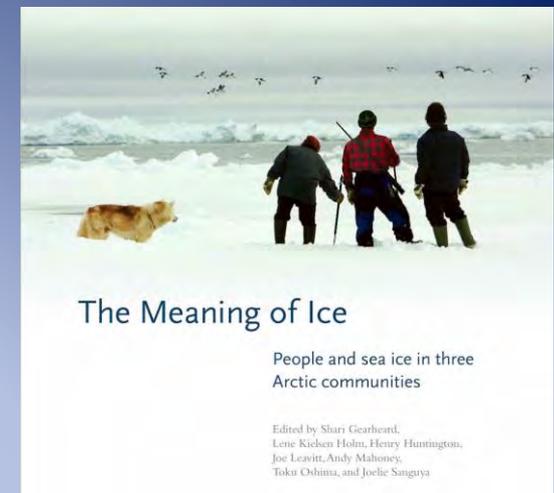

Where do we go from here?

- Additional Subject oriented workshops
 - Indigenous scholars and scholarship
 - Arctic Economics
 - Interdisciplinary Research
 - Early Career and Students
 - ICASS IX and ASSW
- International Collaborations
- ASSP Solicitation Informed
- Platform for Developing New Communities and Ideas

2014-2015

...especially encourages projects that are circumpolar and/or comparative; involve collaborations between researchers and those living in the Arctic; or form partnerships among disciplines, regions, researchers, communities, and/or students

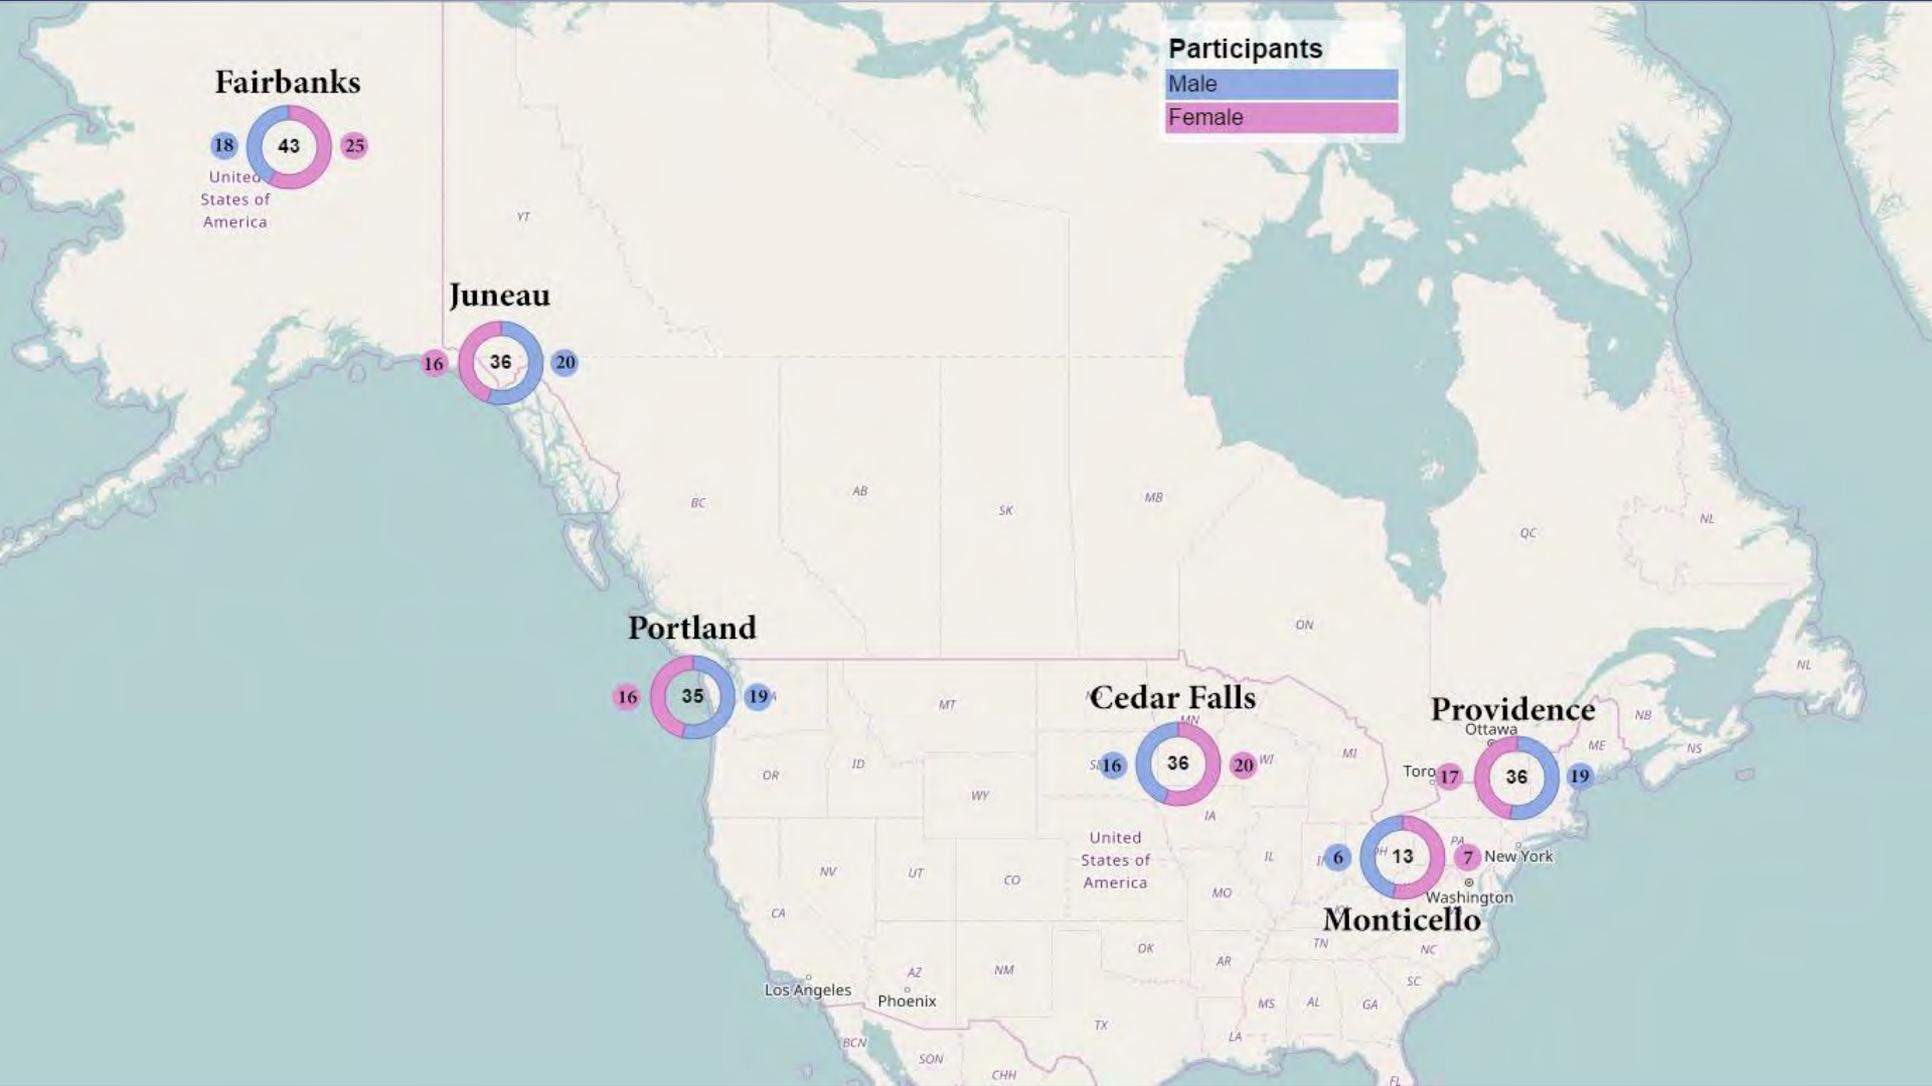

2016

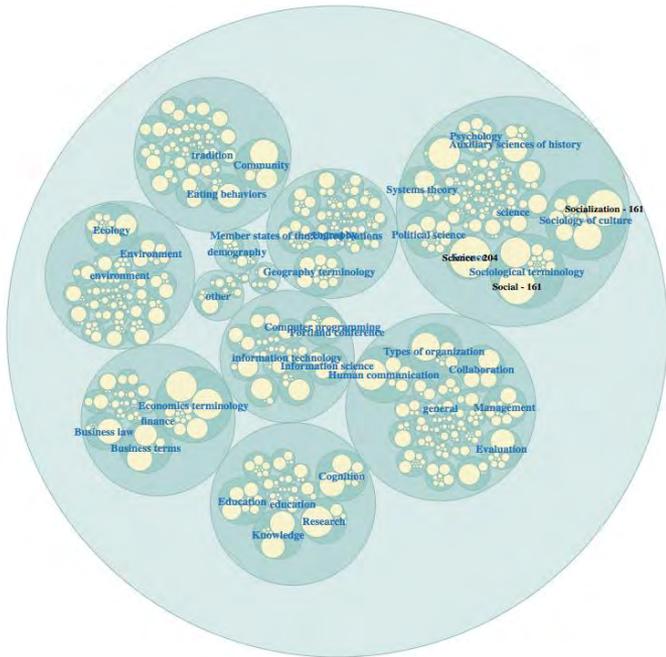

The program has a special interest in a wide range of indigenous scholarship, e.g. indigenous science and traditional knowledge systems; community participatory-based research models and knowledge coproduction; indigenous conceived and led research projects; decolonizing research methods and institutions; research sovereignty; and more.

MACHINE TRANSCRIPT [ORDER HUMAN TRANSCRIPT](#)

This is this that was his chimes. To ensure that agree on Monster nation. It is your right is really serious and we're going to do this or as a regime. On thier units it is a little brief introduction to move me. To the only news of the thread. Are people from this area are here to notice as you know since I'm Mr S. and. They were living in this land for another eighteen. He's the son St. Is that you were sort of the root of the river and that's where. This is a really good new year. Coming Together see think about who they are here is how we can either here or there is Reese's. Which is here. Ackles resources and. Even though you're focusing on every area you do in this rule all. It all in-house were here. You know all those things you are talking about, I mean it was like they are used to just say it is rare in. And so they really were. And we saw it with her song so it's good that he's both really you know they're probably all have. You know one line here. When heard and you know. You know we're just trying to. You know this is it your sense or others here. Seems you are one of the previous regime. A lot of risk regime projects. Through myriad. Receiver. So we still really Iraq's you know. And
