

BASIS FOR REVISING COMMITTEE MEETING TIMING
ON NOVEMBER 8, 2016 ON SHORT NOTICE

On November 8, 2016 the National Science Board voted by acclamation to move up the start time for the joint meeting of the Committee on Strategy and Budget's Subcommittee on Facilities (SCF) and the Committee on Programs and Plans (CPP) from 4:20 to 4:00 p.m. The Board agreed that the time of its members and that of the viewing public would be better served by shortening the gap between a meeting that ended early and the upcoming joint meeting.
