Dear Senator Nelson:

The National Science Board is submitting the report from the National Science Foundation’s Inspector General, *OIG Semiannual Report to the Congress*, which covers the activities of the Inspector General’s office from October 1, 2016 through March 31, 2017. A response from NSF management is also included. These documents are available at https://www.nsf.gov/nsb/NSBAactivities/semiannual_report.jsp.

As required by the Inspector General Act of 1978, as amended, we are also providing reports on final actions on audits that were prepared by NSF management and reviewed by the Board. This information is contained in the enclosed tables, where totals are consistent with those of the statistical tables contained in the Inspector General’s report and accurately reflect questioned costs.

Sincerely,
