

# **Experimental Program to Stimulate Competitive Research**

## **Update: The EPSCoR 2020 Scorecard**

Henry N. Blount, III  
Head, NSF EPSCoR Office

**11 August 2008**

# EPSCoR Purpose

---

**To build the capacity of educational institutions to participate more fully in NSF research activities**

# **EPSCoR Objectives**

---

- **Catalyze key research themes**
- **Activate effective jurisdictional and regional collaborations**
- **Broaden participation**
- **Use EPSCoR for development, implementation, and evaluation of future programmatic experiments**

# Strategic Investment Tools

---

- **Research Infrastructure Improvement Awards:  
Track-1 and Track-2**
- **Co-funding**
- **Outreach and Workshops**

# NSF EPSCoR Cohorts

**FY 1980**

- Arkansas
- Maine
- Montana
- South Carolina
- West Virginia

**FY 2000**

- Alaska
- Hawaii
- New Mexico

**FY 1985**

- Alabama
- Kentucky
- Nevada
- North Dakota
- Oklahoma
- Puerto Rico
- Vermont
- Wyoming

**FY 2002**

- U.S. Virgin Islands

**FY 2003**

- Delaware

**FY 2004**

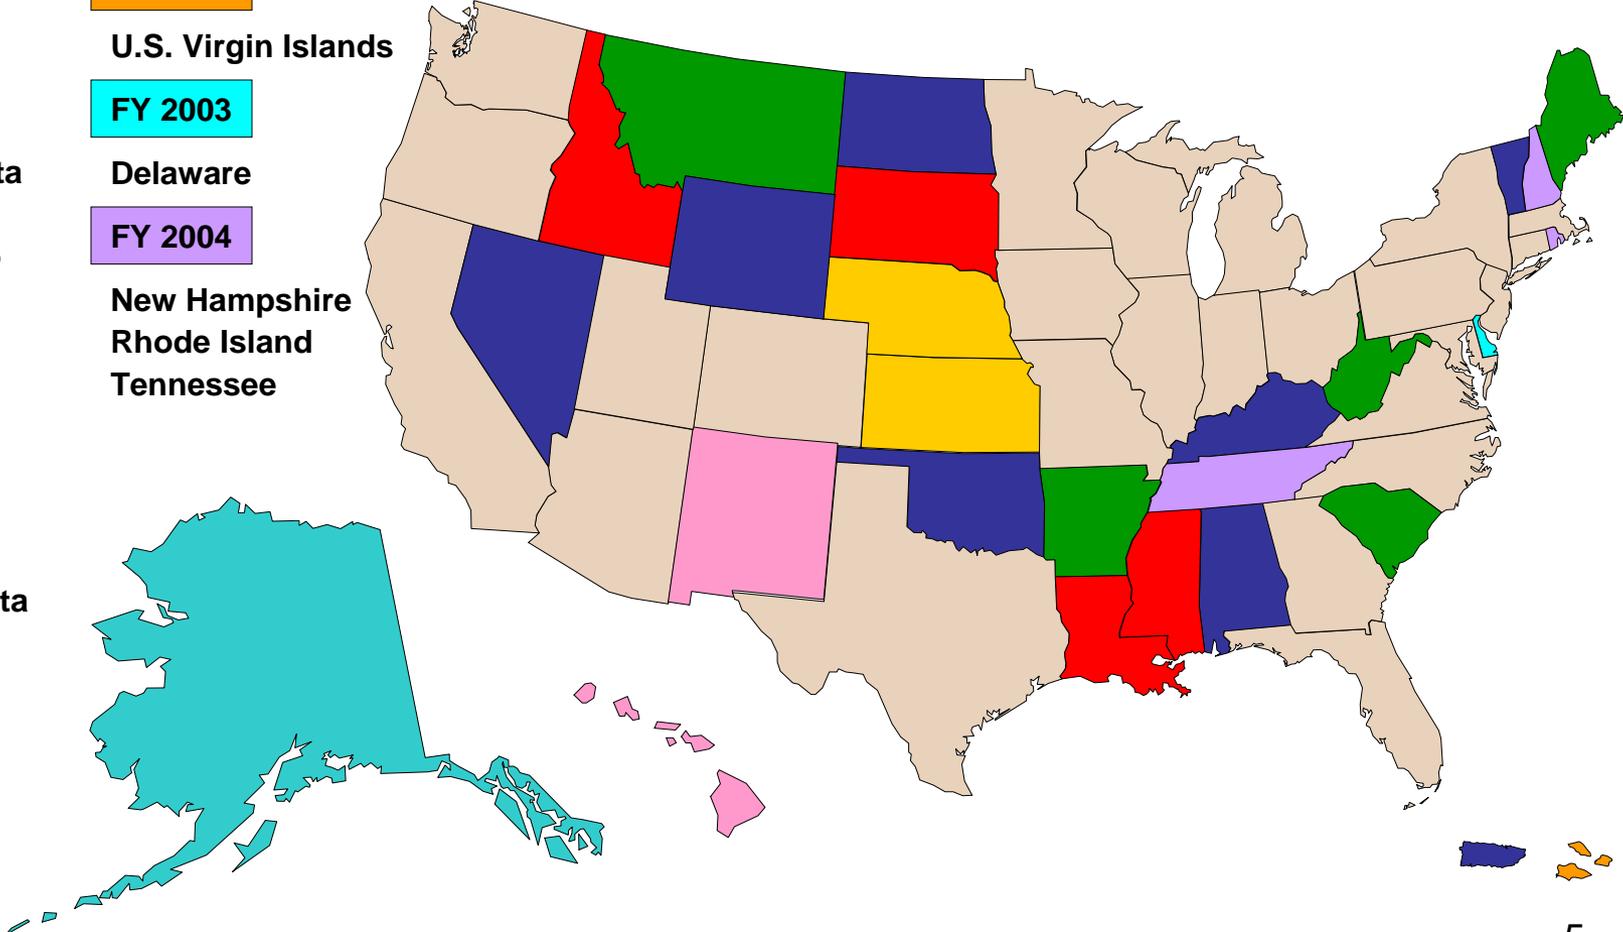

- New Hampshire
- Rhode Island
- Tennessee

**FY 1987**

- Idaho
- Louisiana
- Mississippi
- South Dakota

**FY 1992**

- Kansas
- Nebraska

# **EPSCoR 2020 WORKSHOP**

## **EPSCOR 2020 WORKSHOP REPORT**

**EPSCoR 2020: Expanding State Participation in  
Research in the 21st Century -- A New Vision for  
the Experimental Program to Stimulate  
Competitive Research (EPSCoR)**

**A report to the  
National Science Foundation**

**August 2006**

**Prepared by Jerome D. Odom, Ph.D.  
Principal Investigator: NSF Award # 0630747**

# EPSCoR 2020: Strategic Priority 1

---

Provide more flexible EPSCoR Research Infrastructure Improvement (RII) awards that focus foremost on building infrastructure to do basic competitive research.

Awards should have a duration of up to five years, with an award range of \$3-\$5 million per year, per state.

# EPSCoR 2020: Strategic Priority 1

---

## Action Recommendation 1.1

Increase size and duration of RII Grants

### EPSCoR Response

RII Track-1 awards are now up to \$20M  
for up to 5 years (NSF 08-587)

# **EPSCoR 2020: Strategic Priority 1**

---

## **Action Recommendation 1.2**

**Increase flexibility of RII grants to accommodate individual state needs**

### **EPSCoR Response**

**RII Track-1 and Track-2 proposal solicitations provide broad flexibility (NSF 08-587 & NSF 08-595)**

# EPSCoR 2020: Strategic Priority 1

---

## Action recommendation 1.3

Make strong state and/or institutional commitment a specific review criterion

### EPSCoR Response

Rll program solicitations emphasize institutional and non-institutional commitments and now contain a cost sharing requirement

# EPSCoR 2020: Strategic Priority 1

---

## Action Recommendation 1.4

**NSF should act vigorously to ensure adequate CI to attract and execute advanced research**

## EPSCoR Response

**RII Track-2 (NSF 08-595) explicitly targets cyberinfrastructure**

# EPSCoR 2020: Strategic Priority 1

---

## Action Recommendation 1.5

Ensure full access to the NSF MRI program by EPSCoR institutions and groups of same

## EPSCoR Response

EPSCoR institutions and groups of EPSCoR institutions are fully eligible to compete in the MRI program

# EPSCoR 2020: Strategic Priority 2

---

Emphasize the imperative for a more geographical dispersion of funding by infusing EPSCoR goals into all of the NSF's programs and initiatives.

# EPSCoR 2020: Strategic Priority 2

---

## Action Recommendation 2.1

Incorporate the mission of attaining increased geographical participation into the mission statements, agendas, and culture of the NSF Research Directorates and Offices.

## EPSCoR Response

NSF ACs and COVs now have EPSCoR representation; the EPSCoR S&E Group, NSF Senior Management, and co-funding also cross-acclurate NSF.

# EPSCoR 2020: Strategic Priority 2

---

## Action Recommendation 2.2

Relocate the EPSCoR program to OIA to ensure cross-directorate involvement and integration into cutting edge NSF initiatives

## EPSCoR Response

NSF EPSCoR has been relocated from EHR to OD/OIA

# **EPSCoR 2020: Strategic Priority 2**

---

## **Action Recommendation 2.3**

**Monitor progress in attaining better geographic distribution through annual analyses of the merit review process.**

## **EPSCoR Response**

**EPSCoR participation in NSF merit review processes and in COVs, and advisory panels are analyzed.**

# **EPSCoR 2020: Strategic Priority 2**

---

## **Action Recommendation 2.4**

**Develop new questions for COVs regarding distributions of awards by state.**

## **EPSCoR Response**

**COVs examine geographic distributions of awards. NSF EPSCoR examines distributions of awards by state by NSF activity.**

# **EPSCoR 2020: Strategic Priority 2**

---

## **Action Recommendation 2.5**

**During annual budget submissions, NSF should intensify its advocacy for EPSCoR**

## **EPSCoR Response**

**NSF advocates intensely for all of its activities and strongly encourages EPSCoR participation in them.**

# **EPSCoR 2020: Strategic Priority 2**

---

## **Action Recommendation 2.6**

**Reconvene the EPSCoR 2020 Workshop in Spring 2007 to determine progress toward implementation of these recommendations.**

## **EPSCoR Response**

**Response actions to recommendations will be discussed at the August 2008 EPSCoR PD meeting and a subsequent workshop is anticipated.**

# EPSCoR 2020: Strategic Priority 3

---

Revitalize and extend other  
components of EPSCoR

# **EPSCoR 2020: Strategic Priority 3**

---

## **Action Recommendation 3.1**

**Strengthen the co-funding program by providing more information about awards, and by increasing flexibility to make awards in all disciplines.**

## **EPSCoR Response**

**EPSCoR will make available information on co-funded awards annually. EPSCoR co-funds in all NSF disciplines.**

# **EPSCoR 2020: Strategic Priority 3**

---

## **Action Recommendation 3.2**

**Improve coordination with departments and agencies that have EPSCoR-like programs.**

### **EPSCoR Response**

**This is being done through the EICC.  
Immediate target areas for coordination  
are leveraging and evaluation.**

# **EPSCoR 2020: Strategic Priority 3**

---

## **Action Recommendation 3.3**

**Use the planning grant process to nurture state 'S&T Business Plan' development**

## **EPSCoR Response**

**S&T Business Plans are high on our agenda!**

# **EPSCoR 2020: Strategic Priority 3**

---

**Action Recommendation 3.4**  
**Expand efforts to promote SBIR**  
**development.**

## **EPSCoR Response**

**EPSCoR promotes SBIR development**  
**through supporting SBIR workshops,**  
**outreach by NSF SBIR program staff.**

# EPSCoR 2020: Strategic Priority 4

---

Restore the 'Experimental' nature of EPSCoR by using it as a test bed for new strategies.

# EPSCoR 2020: Strategic Priority 4

---

## Action Recommendation 4.1

Provide more flexibility to the RII structure so that multiple strategies can be explored, including support for transformative research and innovation.

## EPSCoR Response

Watch for “Grants for Rapid Response Research” (RAPID) and “EARly-concept Grants for Exploratory Research” (EAGER) to replace SGER in FY 2009.

# **EPSCoR 2020: Strategic Priority 4**

---

## **Action Recommendation 4.2**

**Develop additional programs of grants in areas of national priority: homeland security, energy independence, climate change, and others.**

### **EPSCoR Response**

**EPSCoR will support synergistic cooperative research activities among EPSCoR jurisdictions with shared interest in and commitment to these larger S&T issues. (Note Track-2)**

# EPSCoR 2020: Strategic Priority 5

---

Develop 'State Strategic S&T Business Plans' for state EPSCoR programs, where appropriate.

**The next three recommendations are directed at the EPSCoR jurisdictions. However, EPSCoR can and will play a strong facilitating role.**

# EPSCoR 2020: Strategic Priority 5

---

**Action Recommendation 5.1** EPSCoR should provide a workshop-based forum for discussing best practices for S&T business plans.

**Action Recommendation 5.2** The EPSCoR community should develop training materials and programs for grant development and for faculty interaction with NSF staff.

**Action Recommendation 5.3** Develop industry funding for university infrastructure, particularly small and mid-sized universities.

# EPSCoR 2020: Strategic Priority 6

---

A recommendation for all: Create a shared understanding and definition of success.

# EPSCoR 2020: Strategic Priority 6

---

## Action Recommendation 6.1

EPSCoR stakeholders should undertake an active discussion of the importance of a more balanced geographic dispersion of national resources and funding, leading to a shared understanding of goals and metrics.

## EPSCoR Response

This is an important and complex issue that is central to the nation's science and technology enterprise. It is a work in progress for EPSCoR - both NSF and the Community.

# EPSCoR -

**Excellent Progress**

**Significant Challenges**

**Outstanding Opportunities**
