

Experimental Program to Stimulate Competitive Research (EPSCoR)

28 States, 1 Commonwealth, and 2 Territories participate in EPSCoR

Experimental Program to Stimulate Competitive Research (EPSCoR)

Team EPSCoR

EPSCoR Strategy

- **Research and Development Capacity**
 - Successful development of knowledge, products, services
- **Innovation Capacity**
 - Applying new ideas that lead to commercialization
- **Employment & Output Capacity**
 - Skilled workforce to grow and sustain innovation-driven economy
- **Education Capacity**
 - Students capable of organizing and analyzing information, communicating effectively, and operating in both collaborative and independent settings
- **Connectivity Capacity**
 - Development and deployment of IT infrastructure

EPSCoR Strategy

- **Research and Development Capacity**
 - RII programs; Increase #of proposals to NSF; Facilitate international and non-EPSCoR collaborations
- **Innovation Capacity**
 - Increase # proposals to SBIR/STTR; I-CORPs, Patents & Licenses
- **Employment & Output Capacity**
 - Strengthen workforce development; Engage 2-year colleges
- **Education Capacity**
 - Capitalize on EOD network; Increase # proposals to EHR; Community identified this as area of leadership (perhaps DCL);leverage states' STEM education roadmaps
- **Connectivity Capacity**
 - Increase # proposals to OCI, CISE; Enhance IT professional development

Thank You
