

EPSCoR: The View from ACI

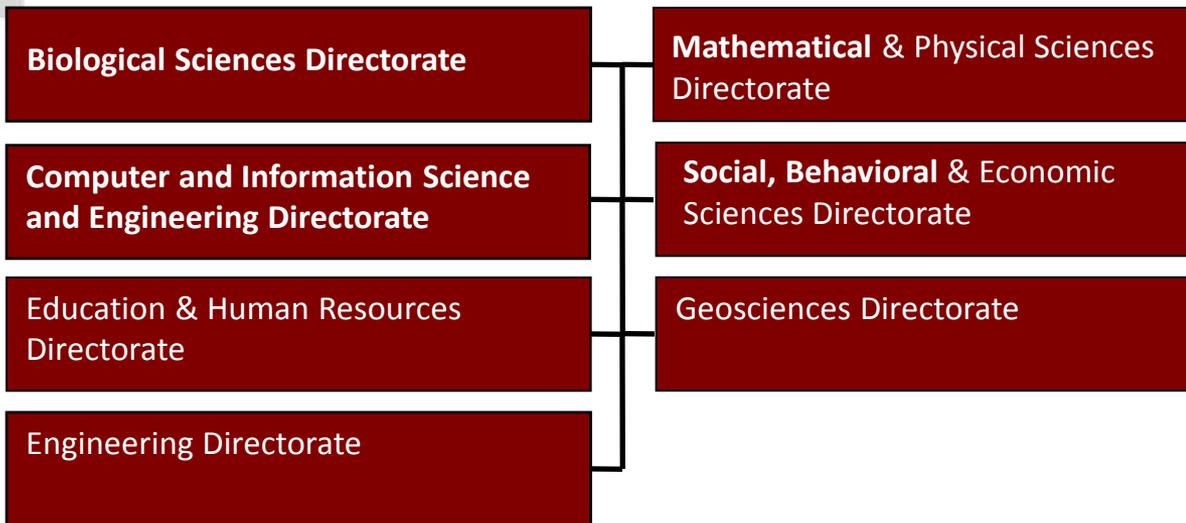

EPSCoR Spring Project Directors and Project Administrators
(PD/PA) Meeting
May 18, 2015

Amy Friedlander, Ph.D.
(Acting) Deputy Division Director
Division of Advanced Cyberinfrastructure
Director for Computer and Information Sciences and Engineering

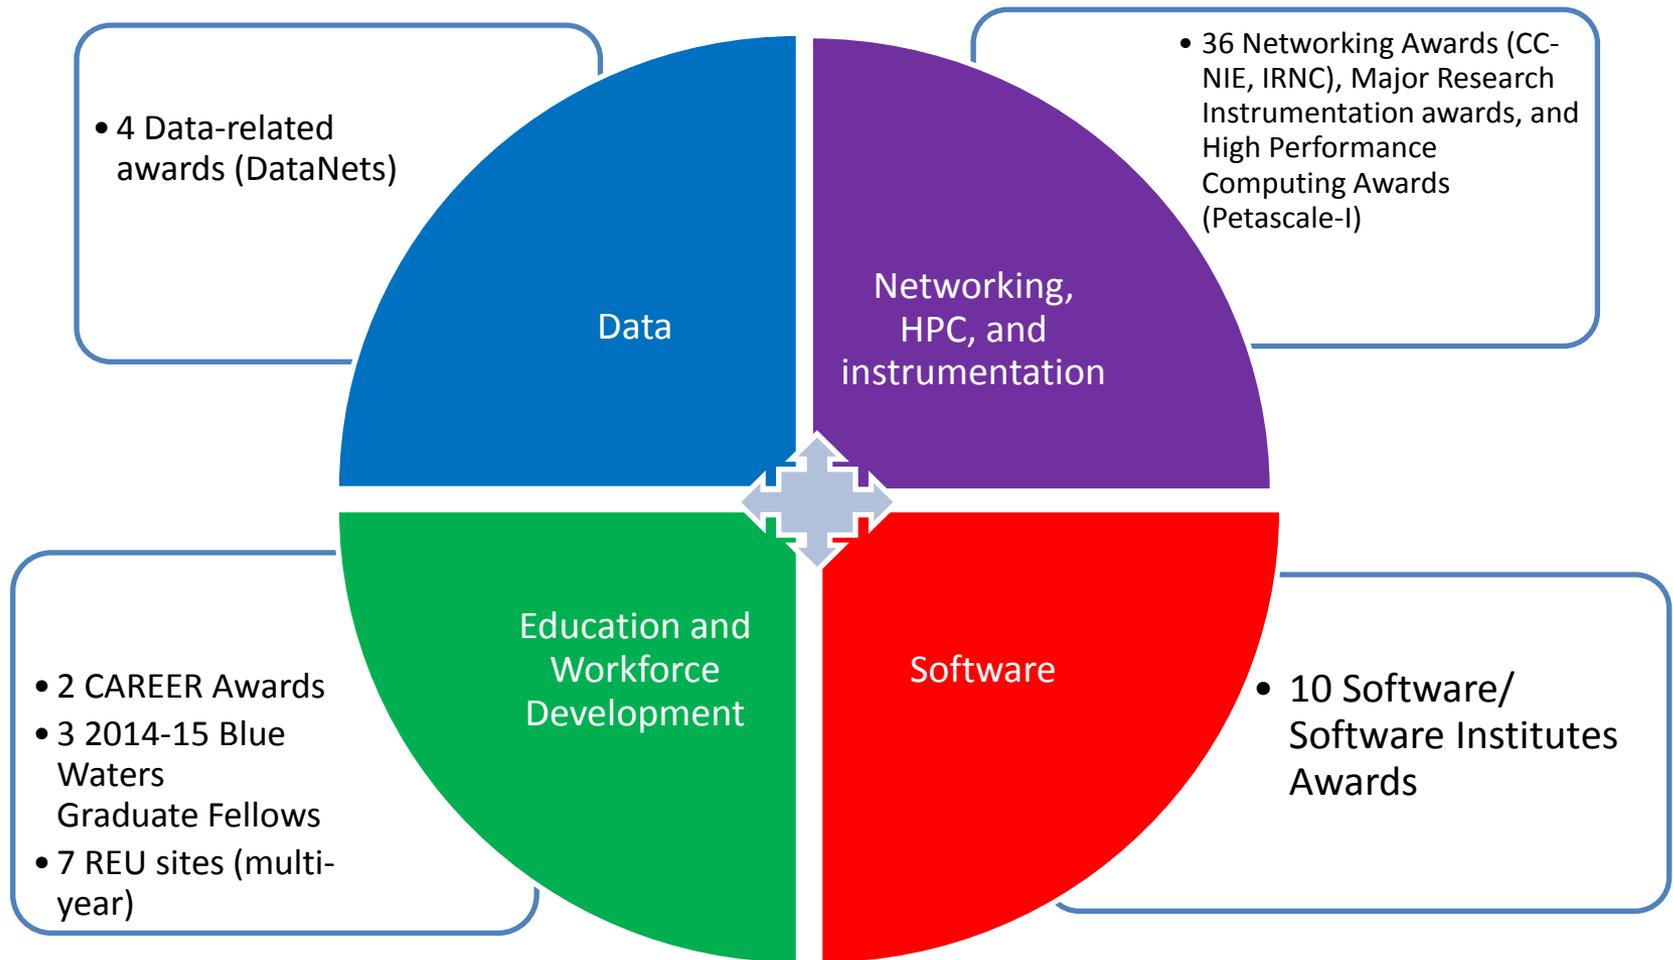

ACI Mission: To support advanced cyberinfrastructure to accelerate discovery and innovation across all disciplines

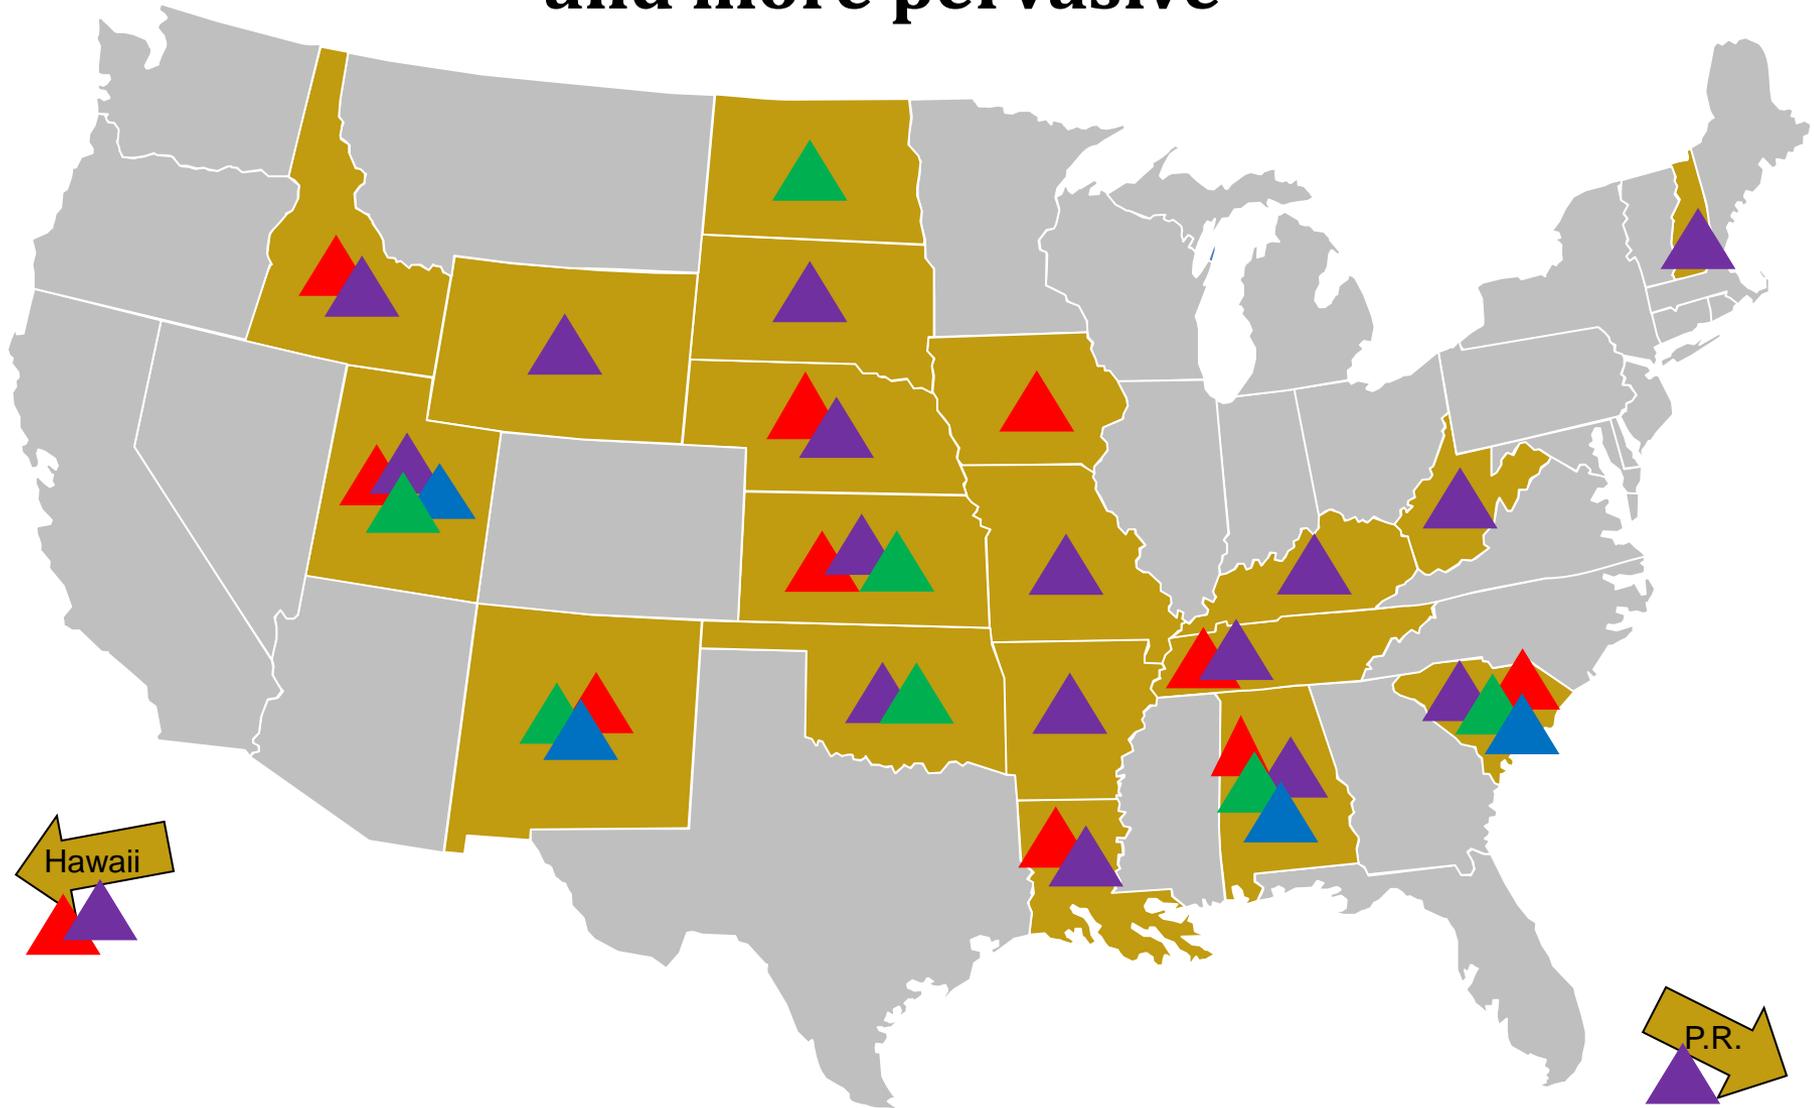

- CI Coordination role across NSF
- Supports Use-inspired Cyberinfrastructure
 - Research and Education
 - Science and Engineering
- Inherently multidisciplinary with strong ties to all disciplines/directorates

ACI EPSCoR investments cover all program areas

Making the cyberinfrastructure deeper, broader, and more pervasive

What to watch

- CC*DNI
- Software and related programs
- ACI Home Page and programs:
http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504947&org=ACI&from=home
- Sign up for updates and alerts:
https://public.govdelivery.com/accounts/USNSF/subscriber/new?category_id=USNSF_C18

**Building the national
cyberinfrastructure needs you
and us**

Thank you!
