CSI: Mississippi
Creative Science Through Inquiry

• Start with the Mississippi Science Curriculum
  – Focus on middle school science inquiry standards
  – Incorporate state and national standards

Teach scientific investigation using forensic science

Biomolecules
Genetics
DNA Technology
Cell Structure

Chemical Reactions
Tour Research
Facilities
- Facilitator: Amie Sins, science teacher
- Two week curriculum
- Involve EPSCoR faculty
- Different location annually

Participants
- 15-20 teachers
- Diversity is important

- Follow-up tracking by internal evaluator
CSI: Mississippi Evaluation

- Content pre/post test
- Science Teaching Efficacy and Belief Inventory (STEBI)
