Long and Fruitful History of Collaboration

October 6, 2010

Japan Society for the Promotion of Science

日 本 学 術 振 興 会

- **Established through an endowment by Emperor Showa in 1932**

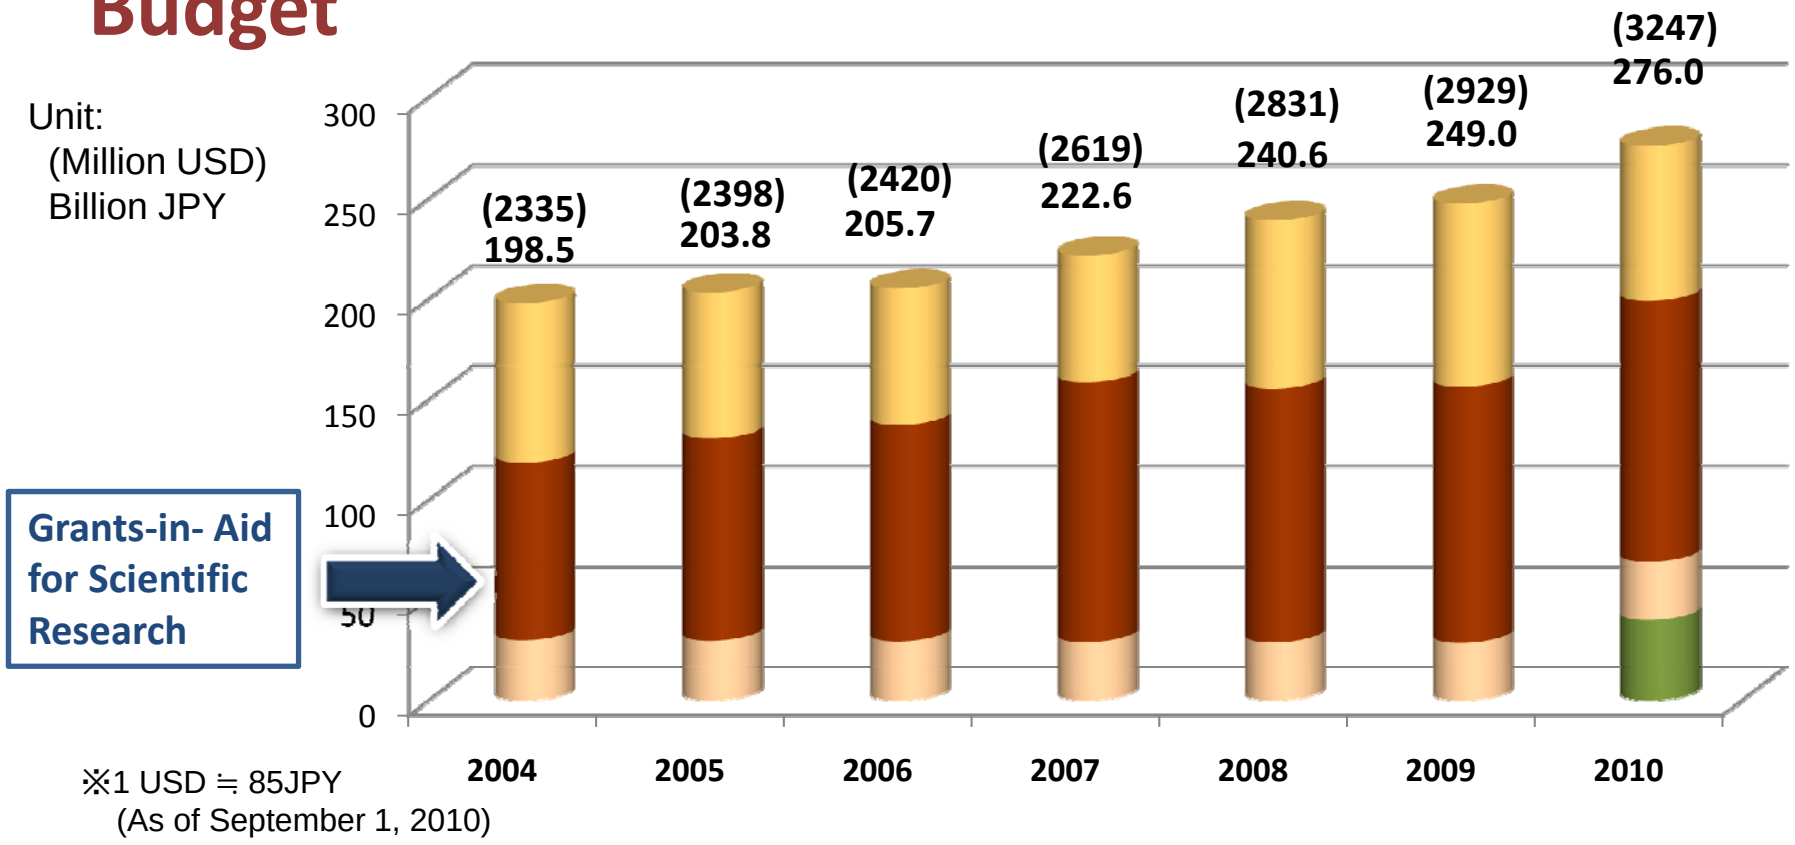
Rooster:
Harbinger of new knowledge that promises a brilliant future for humankind.

Introduction of JSPS

Mission

- Funding research initiatives
- Fostering next generation of scientists
- Advancing university reform
- Promoting international collaborations

Budget



※1 USD ≒ 85JPY
(As of September 1, 2010)

US-Japan Cooperative Science Program

1961 - **Summit meeting between President Kennedy and Prime Minister Ikeda**

- **Establishment of the "US-Japan Committee on Scientific Cooperation"**

1963 - **Launch of the "US-Japan Cooperative Science Program" with NSF and JSPS as its implementing agencies**

Summer Program

	2006	2007	2008	2009	2010
NSF	65	64	63	63	64
Total 5countries	107	109	114	115	114

Number of Participants

Cooperation with NSF

NEW

JSPS-NSF International Collaborations in Chemistry (ICC)

Objectives

- Support Japanese and American research teams in breaking new ground and achieving a high level of synergy in chemical research.

Project Period

3 years

Number of supported projects

1-2 projects

Budget

200,000 yen/year/project

Theme of 1st Call

Interdisciplinary Program on Application Software towards Exascale Computing for Global Scale Issues

G8 Research Councils Initiative

Objectives

-Advancing knowledge and creating innovation
-Supporting top-class researchers
-Bolstering research experiences for young researchers
-Increasing multilateral collaborations

Participating Agencies

JSPS, NSF, DFG, RCUK, ANR, NSERC, RFBR

Project Period

2 - 3 years

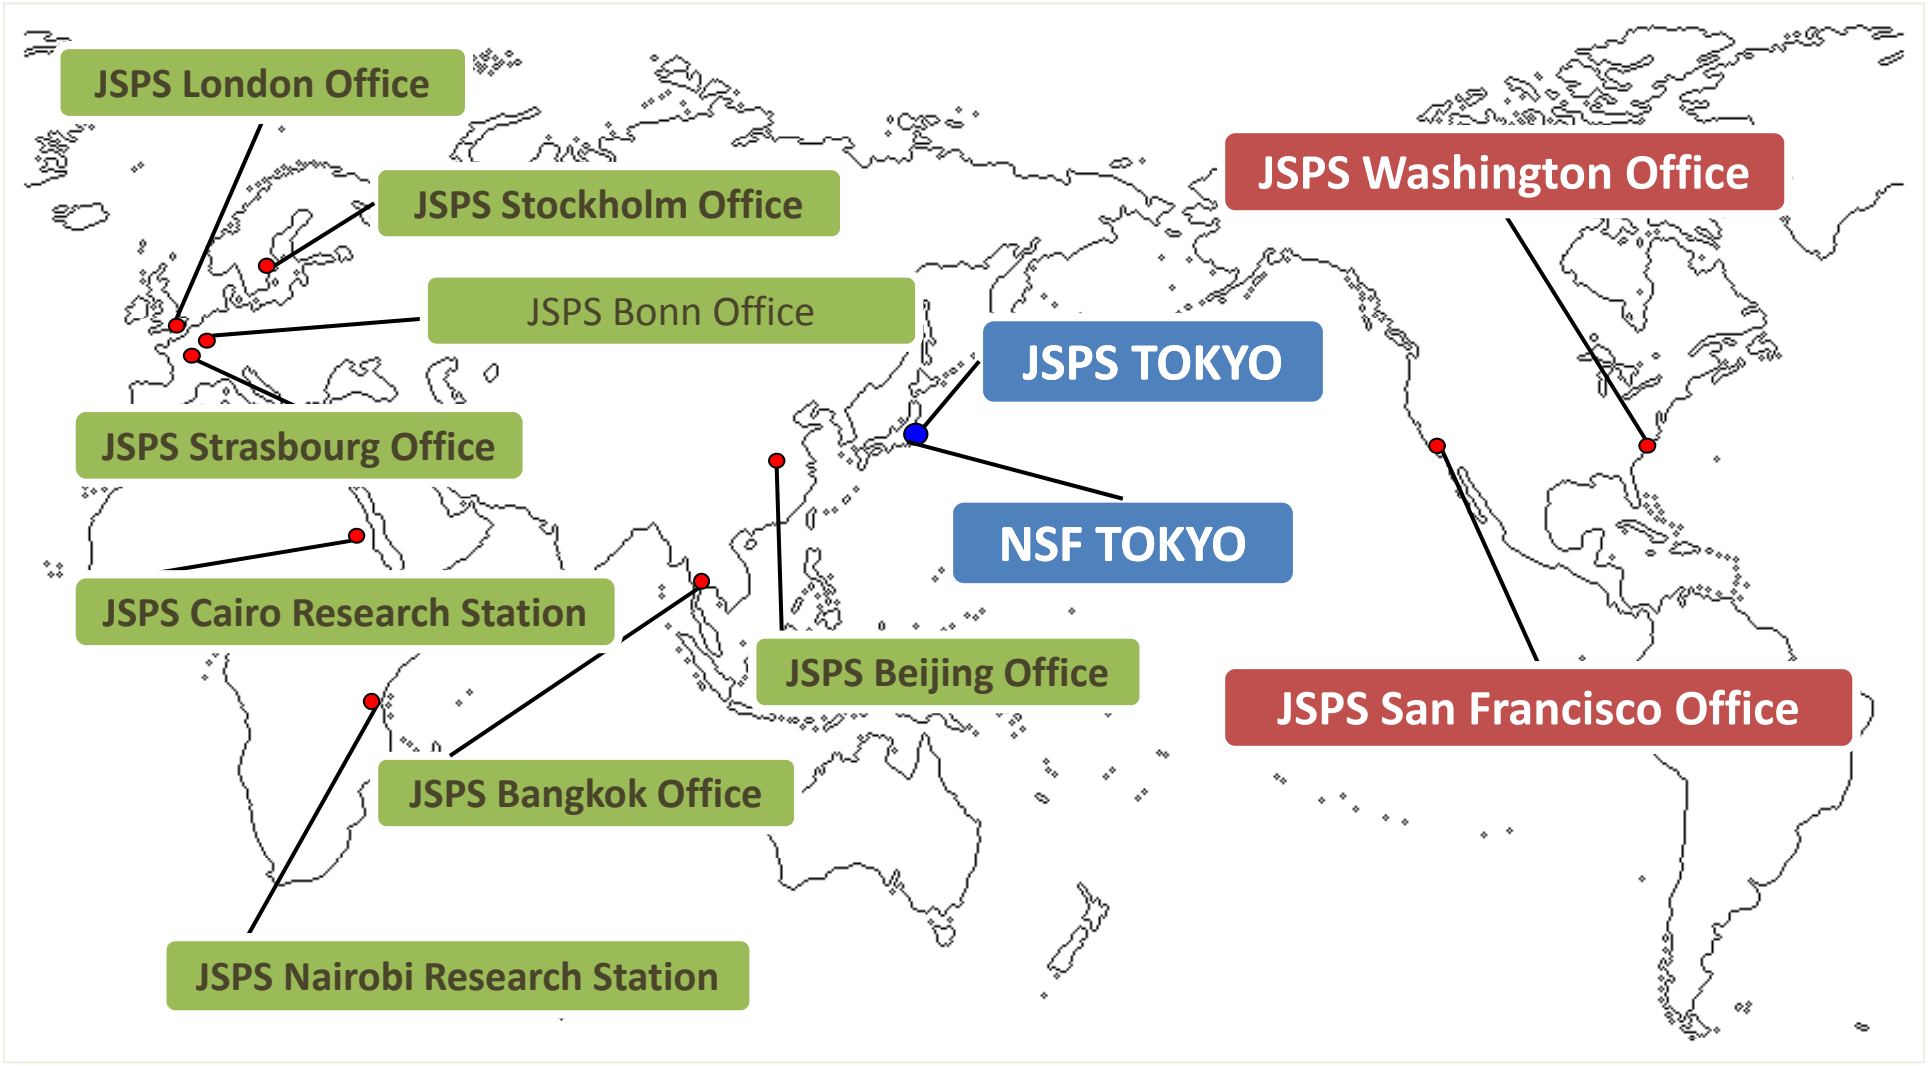
Number of supported consortia

8 – 10 consortia

Budget

100,000 Euro/year/project

JSPS Overseas Offices



Working together toward ever more vibrant US-Japan Research Collaboration!
