CLOSEOUT MEMORANDUM

Case Number: A02110053

Page 1 of 1

A proactive review of PI summer salaries indicated that a PI¹ received combined funding for four summer months of salary from two separate grants that overlapped². We wrote to the institution to request records to show how much summer salary was paid to the PI during those years when more than two summer months of salary was provided in NSF grants.

The institution provided documentation to our office which showed that the university paid one month of summer salary from each grant during the two years when a total of four summer months salary was budgeted. This resolves the matter and accordingly, this case is closed.
