## CLOSEOUT MEMORANDUM

Case Number: A05040015

Page 1 of 1

An allegation was received that the current and pending support declaration of a proposal submitted to NSF<sup>1</sup> failed to include a complete listing of pending proposals.<sup>2</sup>

The subject was contacted and confirmed that a pending proposal was not included through an oversight. Specifically, the pending award was part of a collaboration that afforded the subject only travel funds, and not "support for my own research." The subject concluded that it therefore need not be included. However, the instructions given in the NSF Grant Proposal Guide for completion of the current and pending support declaration are explicit, and this pending proposal should have been listed. The subject, in hindsight, agrees. We wrote to the subject to remind her to list all current and pending support on future proposals.

No issues remain unresolved. Accordingly, this case is closed.
