CLOSEOUT MEMORANDUM

Case Number: A09070068

Page 1 of 1

NSF OIG received an allegation that a PI,¹ whose awarded proposal² involved work to be done in collaboration with another PI,³ changed the scope of his proposed work in such a way that it no longer was in collaboration with the other PI's awarded proposal.⁴

Our review noted that both awards had received independent funding and required independent annual reports. The respective program officers regularly accepted the annual reports, indicating the program officers were satisfied with the progress of the reported work.

Accordingly, this case is closed with no further action taken.
