CLOSEOUT MEMORANDUM

Case Number: A10070052

Page 1 of 1

The complainant submitted a proposal to NSF¹ and thought the subject² and his co-authors made use of ideas in a preprint³ that addresses the same idea as in the proposal. The complainant suspects the subject was on the panel that evaluated the proposal.

We reviewed NSF's records for reviewers of this proposal and found no connections with any of the preprint's authors and the proposal's reviewers. Accordingly, this case is *closed*.
