CLOSEOUT MEMORANDUM

Case Number: A14020004

Page 1 of 1

We assessed an allegation of possible data fabrication in a research publication.¹ We sought additional specific information about the publication and the results about which there was a concern, but were unable to acquire additional information. Therefore, we are unable to determine whether the allegation has substance, or whether there is an NSF link to the results called into question.

This case is closed with no further action taken.
