CLOSEOUT MEMORANDUM

Case Number: I04050015

Page 1 of 1

A complainant¹ provided information about Small Business Innovation Research (SBIR) awards received by a company² from NSF, NASA, and DOE. On the basis of the abstracts provided by the funding agencies on their websites, the complainant believed that the company may have received duplicate funding for the same or substantially overlapping work.

We compared the final reports for the NSF and NASA awards and found no significant overlap involving the NSF awards.³ Accordingly, this case is closed.
