Page 1 of 1

This investigation was initiated based upon information provided that a Principal Investigator¹ (PI) at a University² was dismissed from the University due to improper conduct and that NSF grant funds may have been misappropriated. The University responded to OIG's request for information and explained that the PI was found to have violated University policies and he resigned³. The University also assured OIG that NSF grant funds were not misappropriated.

Since there was no evidence found of fraud or wrongdoing, no further investigative efforts are required in this case.

Accordingly, this case is closed.
