CLOSEOUT MEMORANDUM

Case Number: I08090050

Page 1 of 1

This investigation was opened pursuant to findings from other OIG Investigations¹ that NSF employees had circulated and shared sexually explicit material with one another, with other NSF employees and contractors, and with unknown individuals outside NSF via email exchanges, using NSF IT resources in clear violation of NSF policy. NSF employees² were identified as having sent and/or received emails with inappropriate material. A memorandum containing our findings was sent to the Agency for review and action. The Agency then issued personnel actions³ against the employees for violation of NSF policy on Personal Use of NSF's Technology and Communication Resources.

Accordingly, this matter is closed.
