Page 1 of 1

OIG opened this investigation based upon information provided by our NSF OIG Office of Audits, which had determined that a school district¹ with NSF awards² had submitted material discrepancies, provided misinformation, and had drawn down entire award amounts despite having only completed 65-70% of the work on the NSF grants.

All audit findings/issues on this matter have been resolved. There are no investigative leads or further issues to pursue on this matter.

Accordingly, this matter is closed.
