Case Number: I10090046

Page 1 of 1

We conducted an investigation to determine whether an NSF grantee falsely charged salary expenses to an NSF award.¹ The evidence collected during our investigation did not substantiate that the company charged false salary charges to the NSF award. However, OIG did determine the company failed to comply with NSF SBIR grant conditions regarding use of funds and had an excess of unreported award funds of \$7,328.34.

We informed the company of our conclusions and the company refunded \$7,328.34 to NSF. Accordingly, this investigation is closed.
