CLOSEOUT MEMORANDUM

Case Number: I-12100067

Page 1 of 1

We received an allegation that a company¹ submitted a proposal that was substantially similar to a previously-awarded proposal submitted by a different company.²

The company that submitted the original (funded) proposal modified its project focus and work plan following the departure of two team members (who became associated with the company that submitted the questioned proposal). This resolved the concerns about funding duplicate work.³

This case is closed with no further action taken.
