CLOSEOUT MEMORANDUM

Case Number: I13010005

Page 1 of 1

This case was opened from an allegation¹ that a university² professor³ was misusing funds from an NSF award⁴. We reviewed award information in NSF's files as well as financial information pertinent to the award provided by the university, which did not support the complainant's allegations. We talked to the individual⁵ who made the allegation, and he was unable to provide any specific information relevant to the allegations. We also talked to two individuals involved with the award, one of whom was identified by the complainant as having evidence to support his allegations, and both contradicted the allegations. Thus, we did not find any evidence of fraud, waste or abuse in this award. As a result, this **I case is closed.**
