II. HOW TO MAKE A FOIA REQUEST:

NSF policy is to make the fullest possible disclosure of information and records to any requester, without unnecessary expenses or delay. NSF’s “Public Information Handbook” is available electronically as one of the choices under the References section of the FOIA/Privacy entry on the Foundation’s home page, at <www.nsf.gov/home/pubinfo/foia.htm>.

There are four basic agency requirements for making a FOIA request:
(1) request must be in writing (mailed correspondence, fax, or email) and include the requester’s mailing address;
(2) the envelope and letter content must identify the request as a FOIA request;
(3) the request must provide enough detail to allow identification of the requested records; and
(4) the request must include agreement to pay fees chargeable under NSF’s fee schedule.

A. Agency Components:

Requests for records of the agency should be sent to the NSF FOIA Officer, Rm 1265, 4201 Wilson Blvd, Arlington, VA 22230. Phone: 703-306-1060, Fax: 703-306-0149. Email: foia@nsf.gov
Requests for documents maintained by the Office of the Inspector General should be addressed directly to the OIG, FOIA, Rm 1135, 4201 Wilson Blvd, Arlington, VA 22230. Phone: 703-306-2001. Email: oig@nsf.gov

B. NSF response-time ranges:

The agency generally manages to respond to FOIA requests within three to four weeks for records that can be found at the agency (allowing for time to contact submitters of potentially proprietary information). Response times over 20 working days are generally the result of difficulty in contacting the submitter for clearance, need to track and retrieve documents from off-site storage at the Federal Records Center, voluminous number of potentially responsive records, or need to consult among agency components.

C. Why some requests are not granted:

Requests for records may not be granted if the documents have been transferred to the ownership of the National Archives and Records Administration; if the requested records contain predecisional information that if released would cause harm to NSF decision-making processes; or for portions of records that contain personal and/or proprietary information; for records containing information compiled for law enforcement purposes; or if the requester asked for information specifically prohibited from disclosure by other statutes.
