

## National Science Foundation *Rotational Vacancy*

**ANNOUNCEMENT NO:** E20060114-Rotator

**OPEN:** 7/24/06

**CLOSE:** 8/24/06

**POSITIONS WILL BE FILLED ON A ONE OR TWO YEAR VISITING SCIENTIST APPOINTMENT, INTERGOVERNMENTAL PERSONNEL ACT (IPA) ASSIGNMENT BASIS, OR FEDERAL TEMPORARY APPOINTMENT.**

The National Science Foundation is seeking a candidate for the position as SBIR/STTR Electronic Program Managers in the Office of Industrial Innovation (OII), Small Business Innovation, Research and Small Business Technology Transfer Programs, Directorate for Engineering, Arlington, VA.

The Office of Industrial Innovation (OII) is responsible for supporting small business research that seeks to accelerate the industrial innovation based on fundamental academic scientific and engineering discovery and innovation. The OII is responsible for the implementation of the Small Business Innovation Research and Development Act (SBIDA) of 1982, Public Law 97-219 and its subsequent reauthorizations at the National Science Foundation (NSF). The OII operates two legislated programs for the small business community; Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR). The OII invests in cutting-edge, high risk, high quality applied research in science, engineering and education in the SBIR/STTR program with a clear goal of innovation that benefits society and the nation through commercialization. The OII periodically issues SBIR/STTR solicitations with research topics selected from a broad spectrum of technologies. More information about the Office of Industrial Innovation can be found on their website at <http://www.nsf.gov/eng/sbir>

The **Electronics** topic of the National Science Foundation (NSF) Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) program seeks state-of-the-art, high potential, high quality research proposals in innovative electrical, photonic, micro-electronic and nano-electronic technologies. Applications of these technologies in the electronic marketplace can range widely in photonics, sensing systems, telecommunications, computation, integrated circuit design, quantum information processing, scientific and industrial instrumentation, robotics and control systems, advanced electronic materials, magnetics, micro- and nano-electro-mechanical systems, energy and power management, and micro- and nano-electronics manufacturing.

Qualifications required: Applicants must have a Ph.D., or equivalent experience, in electrical engineering, electronics, condensed matter physics, or a closely related field and six years of successful research experience, research administration, and/or managerial experience in research, design and development of electronics products, devices, and processes. Specific experience in the commercialization of innovative products involving semiconductor materials, organic electronics, micro- and nano-electronics in both small business setting and in large industrial concerns is sought. Experience in research that applies engineering principles to problems in semiconductor manufacturing, nano-manufacturing, and micro-electronics packaging while advancing engineering knowledge would be a plus.

This position will be filled on a one or two year Visiting Scientist Appointment, under the terms of the Intergovernmental Personnel Act (IPA) or as a Federal Temporary Appointment. Temporary and Visiting Scientist appointments will be made under the Excepted Authority of the NSF Act with a current salary range of \$91,407 to \$142,449, depending on qualifications and experience. For Visiting Scientist appointments, individuals are in a non-pay leave status from the home institution and are appointed to NSF's payroll as a Federal employee. NSF withholds FICA and provides reimbursement for fringe benefits. For Federal temporary appointments of more than one year, the usual civil service benefits (retirement, health and life insurance) are applicable. For IPA assignments, the individual remains an employee on the payroll of his or her home institution and the institution continues to administer pay and benefits. NSF reimburses the institution

for NSF's negotiated share of the costs. Individuals eligible for an IPA assignment include employees of State and local government agencies, institutions of higher education, Indian tribal governments, federally funded research and development centers and qualified nonprofit organizations. For more information regarding Visiting Scientist appointments or IPA assignments, visit our website at [http://www.nsf.gov/about/career\\_opps/](http://www.nsf.gov/about/career_opps/).
