POSITION WILL BE FILLED ON A ONE OR TWO YEAR VISITING SCIENTIST APPOINTMENT, INTERGOVERNMENTAL PERSONNEL ACT (IPA) ASSIGNMENT BASIS, OR FEDERAL TEMPORARY APPOINTMENT.

The National Science Foundation is seeking qualified candidates for the position of Program Director for the Aeronomy Program, Upper Atmosphere Research Section, Division of Atmospheric Sciences (ATM), Directorate for Geosciences (GEO), Arlington, VA.

ATM supports research to add new understanding of the behavior of the earth's atmosphere and its near space environment. Included are studies of the physics, chemistry, and dynamics of earth's upper and lower atmosphere and its space environment; research on climate processes and variations; and studies to understand the natural global cycles of gases and particles in earth's atmosphere. More information about the Division and their programs can be found on their website at http://www.nsf.gov/geo/atm/about.jsp.

The Aeronomy Program supports research on upper and middle atmospheric ionization, recombination, chemical reaction, photo emission, and dynamics. This program supports research into the dynamics and coupling in the mesosphere-thermosphere-ionosphere system, including the coupling of the global system to the stratosphere below and magnetosphere above. The Aeronomy Program also supports research into the plasma physics of phenomena manifested in the coupled ionosphere-magnetosphere system, including the effects of high-power radio wave modification.

This position will be filled on a one or two year Visiting Scientist Appointment, under the terms of the Intergovernmental Personnel Act (IPA) or as a Federal Temporary Appointment. Temporary and Visiting Scientist appointments will be made under the Excepted Authority of the NSF Act with a current salary range of $91,407 to $142,449, depending on qualifications and experience. For Visiting Scientist appointments, individuals are in a non-pay leave status from the home institution and are appointed to NSF’s payroll as a Federal employee. NSF withholds FICA and provides reimbursement for fringe benefits. For Federal temporary appointments of more than one year, the usual civil service benefits (retirement, health and life insurance) are applicable. For IPA assignments, the individual remains an employee on the payroll of his or her home institution and the institution continues to administer pay and benefits. NSF reimburses the institution for NSF’s negotiated share of the costs. Individuals eligible for an IPA assignment include employees of State and local government agencies, institutions of higher education, Indian tribal governments, federally funded research and development centers and qualified nonprofit organizations. For more information regarding Visiting Scientist appointments or IPA assignments, visit our website at http://www.nsf.gov/about/career_opps/

DUTIES AND RESPONSIBILITIES: As Program Director directs in the implementation, review, funding, post-award management, and evaluation of the program and contributes to the intellectual integration with other programs supported by the Division. Designs and implements the proposal review and evaluation process for relevant proposals. Selects well qualified individuals to provide objective reviews on proposals either as individuals or as members of a panel. Conducts final review of proposals and evaluations, and recommends acceptance or declination. Manages and monitors on-going grants, contracts, interagency and cooperative agreements to ensure fulfillment of commitments to NSF. Evaluates progress of awards through review and evaluation of reports and publications submitted by awardees and/or meetings at NSF and during site visits. Contributes to the responsibility for establishing goals and objectives, initiating new program thrusts and
phasing out old projects. Recommends new or revised policies and plans in scientific, fiscal, and administrative matters to improve the activities and management of the Program.

**QUALIFICATIONS REQUIRED:** Applicants must possess a Ph.D. or equivalent experience in aeronomy, space physics, or upper atmospheric science or a related discipline. In addition, six or more years of successful research, research administration, and/or managerial experience pertinent to the program is required.

**HOW TO APPLY:** Applications may be transmitted electronically to rotator@nsf.gov. Individuals may also submit a resume or any application of your choice to the National Science Foundation, Division of Human Resource Management, 4201 Wilson Blvd., Arlington, VA 22230, Attn: E20060116-Rotator. In addition, you are encouraged to submit a narrative statement that addresses your background and/or experience related to the Program. You are asked to complete and submit the attached Applicant Survey form. Submission of this form is voluntary and will not affect your application for employment (the information is used for statistical purposes). Telephone inquiries may be referred to Executive and Visiting Personnel Branch at (703) 292-8755. For technical information, contact Dr. Jarvis Moyers, Division Director, at (703) 292-8520 or email jmoyers@nsf.gov. Hearing impaired individuals may call TDD (703) 292-8044.

The National Science Foundation provides reasonable accommodations to applicants with disabilities on a case-by-case basis. If you need a reasonable accommodation for any part of the application and hiring process, please notify the point of contact listed on this vacancy announcement.
