

Kenneth A. Bollen is Henry Rudolph Immerwahr Distinguished Professor in the Department of Psychology and Neuroscience and the Department of Sociology at the University of North Carolina (UNC) at Chapel Hill. He also is the head of the Methods Core and a Fellow at the Carolina Population Center at UNC. From 2000 to 2010, he was the Director of the H.W. Odum Institute for Research in Social Science at UNC ([www.odum.unc.edu](http://www.odum.unc.edu)). Bollen's current primary research is on the development of statistical methodology for the social and behavioral sciences. Substantive research areas include the measurement and determinants of liberal democracy in nations and the analysis of population and health issues. He has published over 140 papers and is the author of *Structural Equations with Latent Variables* (Wiley), coauthor of *Latent Curve Models: A Structural Equation Perspective* (Wiley), and coeditor of *Testing Structural Equation Models* (Sage). Google scholar lists over 63,000 citations to these works (<http://goo.gl/Dpa2X>).

Bollen is an elected Fellow of the American Association for the Advancement of Science (AAAS) and the American Statistical Association. He is a member of and President-elect of the Society of Multivariate Experimental Psychology. He serves as a member of the Board of Trustees for the National Institute of Statistical Sciences. He was a Fellow of the Center for Advanced Study in the Behavioral Sciences and past Chair of the Social, Economic, and Political Sciences Section K of the AAAS. In 2000 he won the Paul F. Lazarsfeld Memorial Award for Distinguished Contributions in the Field of Sociological Methodology. Recently, the Institute of Advanced Studies at the University of Bologna (Bologna, Italy) and RTI International awarded him Visiting Scholar Fellowships.

Bollen has been a consultant on democratization to the United Nations Development Program, USAID, and the NGO Freedom House. He has served as a statistical consultant for many academic departments and organizations such as IBM, Eli Lilly, and Proctor & Gamble.

Bollen received his B.A. from Drew University (1973) and an M.A. and Ph.D. from Brown University (1975, 1977). He was a Research Scientist at General Motors Research Labs (1977-1982) and an assistant professor at Dartmouth College (1982-1985) prior to joining UNC (1985). The National Science Foundation, the National Institutes of Health, USAID, and other organizations have funded his research.
