^a Excludes industry-administered federally funded R&D centers.

NOTES: The performer-reported data are expenditures on a calendar year basis. The agency-reported data are obligations, as normally reported on a federal fiscal year basis. Dollar difference is performer-reported R&D minus agency-reported R&D. Percent difference is dollar difference divided by agency-reported R&D. A negative difference arises when agency-reported R&D is higher than performer-reported R&D.
