CCategries do not add to totall neccause "dont k know" responses and refisals to respond are not shown
Note(s)

This table shows the percentage of the nine questions in the trend factual knowledge of science scale that were answered correcty. "Don"t know" responses and refussals to respond count as incorrect. Questions in the trend factual knowledge of science scale are:
-The center ofthe Earth is very hot. (True
-II radioactivity s man-made. (False)

- Antbiotics skill viruses as well s s bacteria. (False)

-How Iong does it taek for the Earth to go a round the Sun?(One year) Assed only if the respondent answered correcty that the Earth goes round the Sun.)
