

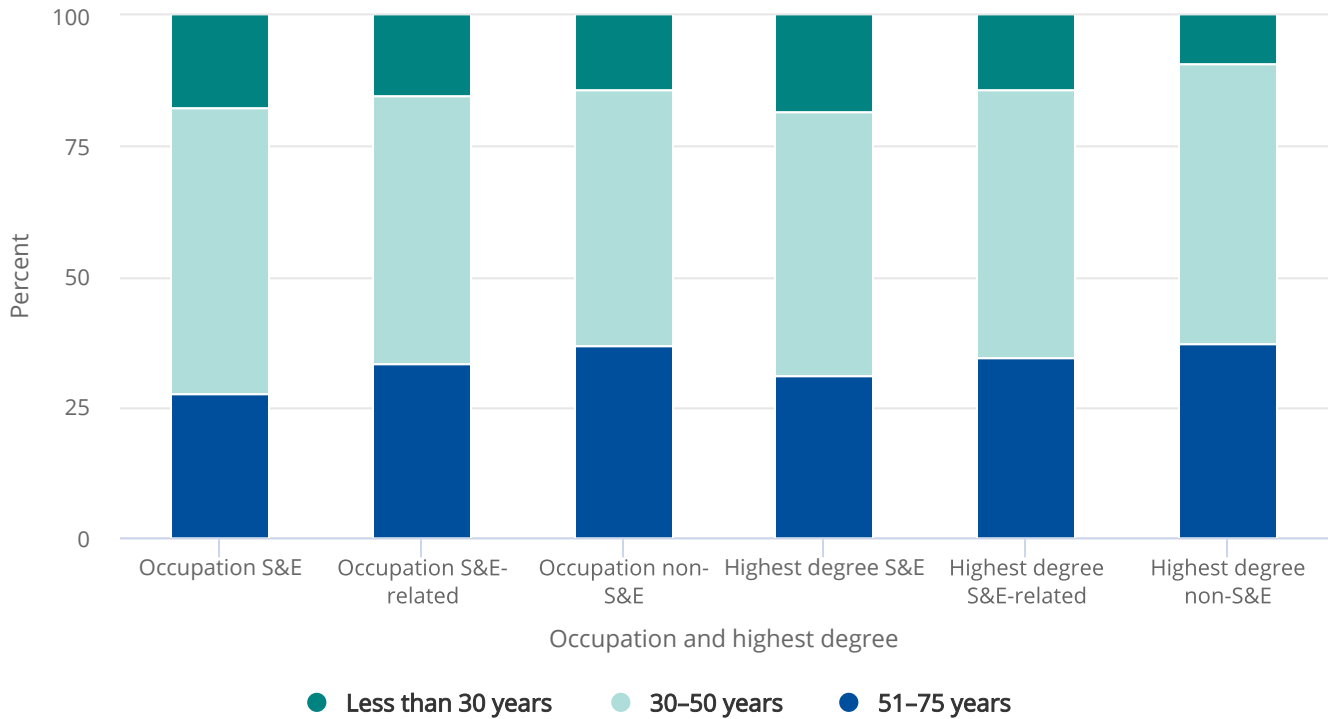

FIGURE 3-23

Age distribution of employed scientists and engineers, by broad occupational category and broad field of highest degree: 2015

Note(s)

Scientists and engineers include those with one or more S&E or S&E-related degrees at the bachelor's level or higher or those who have only a non-S&E degree at the bachelor's level or higher and are employed in an S&E or S&E-related occupation. The National Survey of College Graduates (NSCG) does not cover scientists and engineers over age 75. Percentages may not add to 100% because of rounding.
