What does this survey follow-up cover?

This survey supplement requests information about the costs reported by your company in Section 3 of the Business R&D and Innovation Survey (BRDIS) about your company's R&D that was funded, paid for, or reimbursed by others.

Why did my company receive this survey follow-up?

Only companies reporting R&D paid for by others in three specific business codes related to research and development services are mailed this follow-up. Your company met this criterion. Including these questions in a follow-up lets the Census Bureau use more industry-specific language than on the main BRDIS survey which is mailed to companies in every industry.

Who should answer this survey follow-up?

The same people who completed Section 3 (Financial Schedule B) of the 2010 BRDIS should complete this survey follow-up.

Your response is required by law

Title 13, United States Code, requires businesses and other organizations that receive this questionnaire to answer the questions and return the report to the Census Bureau.

Respondents are not required to respond to any information collection unless it displays a valid approval number from the Office of Management and Budget (OMB). The OMB number appears at the top of this page.

Your response is confidential by law

Title 13, United States Code, requires that your response be seen only by persons sworn to uphold the confidentiality of Census Bureau information and may be used only for statistical purposes. The law also provides that copies retained in your company's files are immune from legal process.

Estimates are acceptable

S-1 What is your company's primary business?

S-2 In BRDI-1 Question 3-14, lines a, b, and c, your company reported of R&D paid for by other companies. Using the included list of business codes, allocate this amount based on the industries of the companies that paid for the R&D.
